Everywhere**

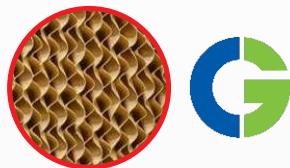

MAHENDRA COOLER UDYOG

COMPANY PROFILE –

Mahendra Cooler Udyog came into existence in 1990 in manufacturing an alternative to metal coolers. **Mr. Mahender Gupta** established this company after years of experience working in the cooler industry. He envisioned the company to be every Indian's first choice for advanced technology and most affordable coolers.

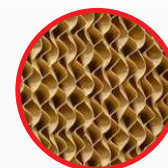

Since then, the journey that the company started to make better coolers continues till date. Providing quality products to our customers and their satisfaction is our ultimate goal. We have more than 100 different models of coolers in the market, whose quality, design and durability will increase the number of new and attractive coolers in the future.
